

*Affiliated to the British Model Flyers Association.  
Club No. 561*

## **Glider Competition Rules.**

### **Aims**

- To encourage glider flying within the club.
- A club social event as well as an informal competition.

### **How will the competition be run?**

- Flight time will start on release of the model from the bungee.
- Slot time of 5 minutes starts from the aircraft's release from bungee.
- The time keeper will call at every 30 seconds of the slot and will give a 30 second count down to the end of the slot.
- One point is awarded for every second flown.
- Flight times over the 5 minute slot will incur a 10 second penalty of every second over the slot time.
- Landing bonus of 30 points added for touch down and nose of the model coming to rest within a 4.8m diameter circle.
- Landing bonus of 50 seconds is added for touch down and nose of the model coming to rest within a 1.0m diameter circle.
- Landing off the runway will result in a 60 sec reduction in flying score
- Sum of three flight times and any landing bonus will be added together to determine places.
- At the CA discretion, a re-launch may be allowed if model flips off the bungee.
- CA decision is final.
